**It's a Secret!**

1 Corinthians 14:2 (AMP)  
 2 For one who speaks in an [unknown] tongue speaks not to men but to God, for no one understands or catches his meaning, because in the [Holy] Spirit he utters secret truths and hidden things [not obvious to the understanding].

**Welcome Guests!**

Thank you for visiting us today. We invite you to join a Staff Member in the Hospitality area in the Lobby for free refreshments right after the service.

## The Secret Code

Since the day of Pentecost, 50 days after Jesus had paid redemption's horrific price, the Holy Spirit has come to abide within and upon believers.

Additionally, He brought some brand new gifts to His family, just like any good friend would want to do.

One of those numerous gifts were tongues of fire which hovered over the 120 men and women in the upper room, which ended up being a supernatural language! From then until now these gifts and specifically the supernatural language have been universally controversial to say the least!

History tells us that this supernatural language has been able to continue from generation to generation, even in the greatest times of apostasy. It seems to be absolutely immune to any and all critics, heretics, doctrines of men and even physical threats.

I would like to have you consider this parallel. From the formation of the first army on planet earth until now, every war is won or lost by the ability of the foes to know what the enemy's strategies and plans are. They send spies, scouts and secret agents to find out these plans. Ultimately, armies through the ages have had to develop a secret code through which all of the Generals can properly direct the troops.

One of the most famous codes of the United States military was one based on a Native Indian tongue that was never broken by our enemies in WW11. It was absolutely critical to the allied victory!

Consequently, I want you to consider the gift of speaking in this supernatural language as a way to obstruct our satanic enemies from knowing the strategies and plans God has given us!

Oral Roberts and Kenneth Hagin were two of the many great Generals of the faith in the 20th century. I heard both of them say the same thing about the impact of speaking in tongues on their ministries.

Oral Roberts said it this way. ***"The greatest things in my life and ministry happened after an extended time of speaking in our heavenly language and then interpreting what I said."***

Kenneth Hagin said it from this perspective. ***"When people ask me what I would consider to be the biggest reason for my success, I attribute most of it to praying in tongues as much as possible."*** It's that important because it's the **Secret Code!**

## WEEKLY PRAYER VERSE

1 Corinthians 14:15 (AMP)

<sup>15</sup> Then what am I to do? I will pray with my spirit [by the Holy Spirit that is within me], but I will also pray with my mind *and* understanding; I will sing with my spirit, but I will sing with my mind *and* understanding also.
